GLOBAL LEADERS
FOUNDATION GEN .CONT.EST

VENDOR : 10108231

ABOUT US

➤ About Us

GLOBAL LEADERS FOUNDATION GEN .CONT .EST is a Registered Company Specializing in General Contracting, industrial support, operations, and maintenance. We are committed to delivering high-quality services with efficiency and expertise.

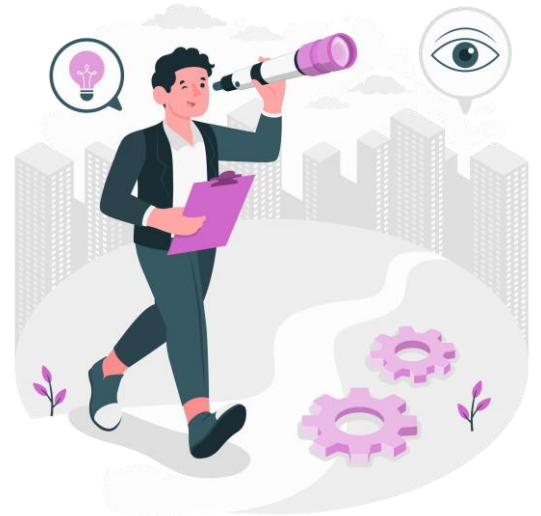

Our company also provides highly skilled and semi-skilled manpower, including engineers and technical professionals, ensuring excellence in every project.

We offer a wide range of services in manpower supply, electrical, instrumentation, and mechanical contracting, along with industrial services, piping insulation, duct fabrication, and cladding contracts across Saudi Arabia.

➤ OUR VISION

By Fostering a Winning Mindset and a passionate commitment to meeting the needs of customers, employees, partners, and society, GLOBAL LEADERS FOUNDATION GEN .CONT. EST strives to become one of the leading Engineering, Procurement, and Construction (EPC) companies in the Kingdom of Saudi Arabia.

➤ OUR MISSION

Enhance our service excellence and leadership by delivering top-quality solutions to our valued clients.

Empower and inspire our engineering team with cutting-edge technology and state-of-the-art equipment.

Uphold our commitment as a responsible corporate citizen by respecting the environment, maintaining professional excellence, adhering to safety standards, fostering strong relationships, and complying with the country's laws and regulations.

MANPOWER

We provide highly skilled engineers, technicians, skilled and unskilled labors for construction & maintenance work in various projects of civil, mechanical, electrical & instrumentation. Our technical support service division thoroughly screens the candidates before presenting to the client to save their valuable time. We depute skilled and experience employees to avoid unnecessary delay in executing the project.

The following are the few categories:

Project Manager

- Construction Manager
- Civil Engineers
- Administration Assistant
- Mechanical Engineers
- E & I Engineers
- Planning Engineers
- Piping Engineers
- Safety Engineers / Officers
- QA/QC Engineers / Inspectors
- Welding Inspectors
- Computer Programmers
- System Administrators
- Painting Inspectors
- Technical Secretaries
- Document Controller
- Pipe Fitter/Steel Erector
- Accountant
- Material Controller
- CAD Operators
- Welders
- Carpenters
- Scaffolder
- Supervisors
- Site Supervisors
- Project Controllers
- Fabricator
- Equipment Operators
- Rigger
- Mechanical Helpers
- General Workers/Labors
- Drivers (Light / Heavy)

Heavy Equipment

GLOBAL LEADERS FOUNDATION GEN .CONT.EST

We own and operate a diverse fleet of heavy equipment, available for rental on an hourly, daily, weekly, or monthly basis, ensuring flexibility and efficiency for our clients.

Our equipment rental division provides top-tier rental services through a dedicated network, offering a fleet of over 100 high-performance machines, including welding machines, generators, automobiles, forklifts, earth-moving equipment, cranes, crawler cranes, boom trucks, dump trucks, loaders, excavators, side booms, air compressors, tower lights, and dewatering pumps, among others.

On top of it, Core Team's supervisory staffs are well experienced and stringently comply with all modern industrial technical standards and safety regulations

List of Equipment

Cranes (25 - 500 Tons)

- Forklift (3-15 Tons)
- Trailer - Flat Bed & Low Bed
- Boom Truck, drum Truck & Dyna Truck

(3 - 20 Tons)

- Bus (15, 30, 55 Seater)
- Pick-Up (single & Double Cabins)
- Backhoe Loader & Skid Loader
- Excavators & Loaders
- Man Lifts - Articulated & Telescopic (15 - 38 Mtrs)
- Air Compressors (190 - 1500 CFM)
- Welding Machines (400, 500, 600 AMPS)
- Tower Light (4000 Watt)
- Generators (30 - 1000 KVA)
- Dewatering Pumps
- Water Tanker
- Diesel Tanker
- Loader
- Skid Steer Loader Roller

Project Support

CIVIL CONSTRUCTION

- ✓ a. We specialize in all civil and industrial construction projects, delivering excellence in every aspect.
- ✓ b. Our expertise includes the construction of multi-story commercial and residential buildings, ensuring durability, functionality, and modern design.
- ✓ c. We execute all construction works in strict compliance with international standards, specifications, and customer requirements, guaranteeing quality and reliability.

MECHANICAL CONSTRUCTION

We are doing installation of petrochemical process plant and equipment meeting ASTM/API standards, condition vibration monitoring of rotating equipment, fabrication of process piping system up to 32" dia, bulk storage tanks as per API 650 A, vessels, furnace, grit blasting, & painting, pressure testing & commissioning of process plant, installation of fire fighting systems, erection of pre engineered buildings, space frame structure etc

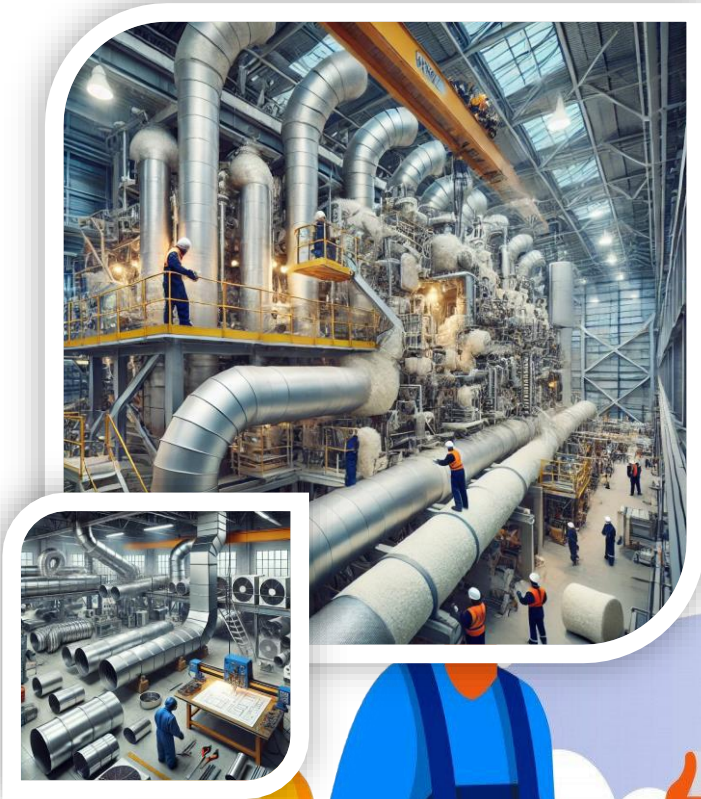

LONG TERM SERVICES

- Plant maintenance and support services
- Provide maintenance engineers, planning engineers, rotating equipment engineers, high skilled technicians and operators to execute routine maintenance activities in live operational plants
- Plant construction support services
- All categories from senior to junior grade can be provided to all international and local EPC, management contractors and other local contractors.

Duct Fabrication

Cladding

insulation

Bio Gas Construction

Project Support

FABRICATION

Independent Innovation welding and Fabrication can move your project through the fabrication process smoothly and efficiently. All of the companies we service demand fast, reliable fabrication & erection services and they receive exactly what they expect.

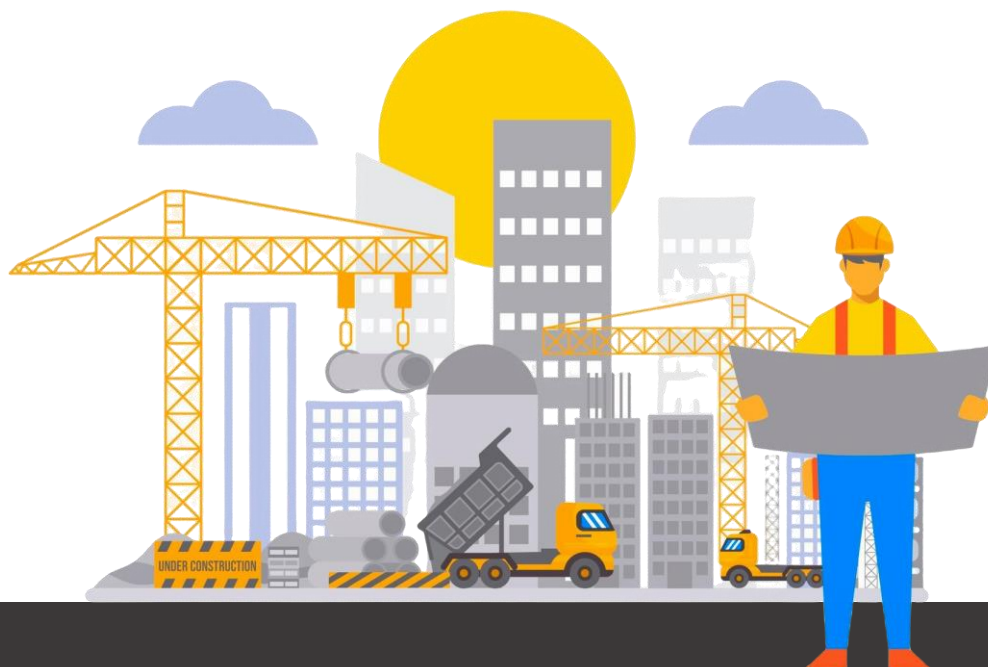

Our services include, but are not limited to, full service fabrication and installation of process piping, oil & gas fabrication, and structural steel. We also offer in-house drawings, hydro-testing, pipe supports, and skid units.

- ERECTION
- WELDING
- EQUIPMENT PLATFORM
- CARBON/ALLOY/STAINLESS STEEL FABRICATION

INFRASTRUCTURE DEVELOPMENT SITE DEVELOPMENT & ROAD CONSTRUCTION

Providing necessary infrastructure for industrial facilities such as roads, culverts, drainage system, sewer system, concreting & asphaltting, power supply system, RO plants & water distribution system, firefighting system, temporary portable cabin facilities for project sites to house thousands, overall site development, landscaping & gardening and all type of decorative work of arts per client's requirements.
